

Support Area Veterans Through RSVP

◆ **Volunteers Needed to Help Area Veterans Access Services**

RSVP connects volunteers with local programs that help area veterans access the benefits and services they need and have earned. Examples of programs include the Maine Military & Community Network, VA facilities, and other veterans' programs.

◆ **How It Works**

Volunteers are matched with local programs that serve veterans. Volunteers can assist through a variety of activities. Must be 55 or older to join RSVP.

Some programs require background checks and training.
