About the Fourteenth Annual Colloquium

This year’s colloquium responds to the increased attention being directed to serving the rapidly escalating numbers of older Maine residents and their caregivers confronted with brain health challenges. Alzheimer’s disease and related dementias are the fifth leading cause of death among older adults. Alzheimer’s disease deaths in Maine has been on the rise for the past six years. This colloquium will present the most current dementia screening, diagnostic and care interventions available including special attention focusing on how best to address the complex challenges surrounding driving, sensory impairment and dementia. Multidisciplinary experts will gather before a statewide audience of health and human services professionals and Maine residents to discuss progress being made in addressing the state’s dementia plan and the availability of high quality, integrated dementia care.

Colloquium Objectives

Participants will:

- Examine the progress made in meeting the goals of the Maine State Dementia Plan
- Evaluate the differences between symptoms of mild cognitive impairment and dementia
- Explore differing treatment strategies available for Alzheimer’s and related dementia patients
- Identify the key elements of quality dementia screening and diagnosis
- Understand the special challenges and issues associated with driving, sensory impairment, and dementia

Who Should Attend?

- Medical, health, and behavioral health professionals who work in the fields of aging, health care, housing, aging-in-place, long-term care, and the social services
- Practitioners in allied health professions such as medicine, counseling, social work, nursing, law, and public health as well as public administration
- Health care clinicians, administrators, researchers, educators, care managers, supervisors, as well as community and public planners and policymakers

Continuing Education Information —
Certificates of Attendance provided for those who wish to apply for CEUs
Directions
University of Maine
Wells Conference Center

Driving to campus from the North or South:

Interstate Route 95 to Exit 193 - Stillwater Avenue. If traveling from the North, turn left on Stillwater Avenue at end of ramp. If traveling from the South, turn right on Stillwater Avenue at the end of the ramp. At the fourth traffic light, turn right onto College Avenue. Follow College Avenue approximately 1 mile to the Alfond Arena on your left. Turn left just after the Alfond Arena to enter campus on Long Road. A large campus map and directory are located on your right at the top of a small incline just after entering the campus. Wells Conference Center is located to the right, just after the large campus directory.

Please follow the pathway through a courtyard between Dunn Hall and Corbett Hall. The Wells Conference Center will be straight ahead. Please park in the Commuter Lots (signs with a C in Black lettering) or Visitor lots marked with "P".

Parking
Parking Permits are required during regular business hours and will be sent to preregistrants in advance. They are also available from Conference Services in Chadbourne Hall, the Visitor Center at Buchanan Alumni House, Bear Necessities Store in the Alfond Arena, UMaine Public Safety Office and the Student Service Center in the Memorial Union.

If you have any special needs or questions, please call: Conference Services Division at 207-581-4092. The Dept. of Public Safety (24 hours daily) is on campus at 207-581-4040.
